

CLEANING & MAINTENANCE MANUAL

USA-CANADA

PAVIGYM 2012

Cleaning & Maintenance Manual

! IMPORTANT

- Only follow the instructions mentioned here, and not any others which may be supplied to you.
- Before using the floor, remove any protective coating which remains from the manufacturing process, with a post-installation cleaning. This protective coating is only for the sake of preventing damage during transport and retail.
- All the recommended products are manufactured by Diversey, our cleaning and maintenance products partner. You can find a full global list of their local resellers at the following link, so that you know how to access these products within your market: <http://en.pavigym.com/maintenance.php>
- Should you have any questions about these cleaning products and their applications, please contact our customer service department (customer.service@pavigym.com)

Post installation cleaning (in 2 steps)

> Immediately after installation and before first use of the flooring

Product 1st step: Prominence

- 1) Mix a bucket of water with Prominence.
The proportion should be 20 oz. of Prominence for 1 gallon of water.
- 2) Apply the solution on the floor with a clean mop.
- 3) Allow the solution to act for 20 min.
- 4) Scrub with a soft (shampooing) brush and remove the dirt with a mop or wet vacuum the dirt.
- 5) Rinse with clean water and wet vacuum.
- 6) Leave to dry completely.

Product 2nd Step: Revive Plus SC

- 1) Mix a bucket of water with Revive Plus SC.
The proportion should be 10 oz. of Revive Plus SC for 1 gallon of water.
- 2) Apply the solution on the floor with a clean mop.
- 3) Allow the solution to dry.

Maintenance cleaning

> For daily use

Product: Revive Plus SC

- 1) Mix a bucket of water with Revive Plus SC.
The proportion should be 3 oz. of Revive Plus SC for 1 gallon of water.
- 2) Apply the solution on the floor with a clean mop or use a scrubber-drier with contact pad or shampooing brush.
- 3) Allow the solution to dry.

Deep cleaning

> For intensive cleaning

Product: UC24

- 1) Mix a bucket of water with UC24. The proportion should be 6 oz. of Reveal for 1 gallon of water.
- 2) Apply the solution on the floor with a clean mop or use a scrubber-drier with contact pad or shampooing brush.
- 3) Allow to act (do not allow the solution to dry).
- 4) Scrub with a soft (shampooing) brush and remove the dirt with a mop or wet vacuum the dirt.
- 5) Rinse with clean water and wet vacuum.
- 6) Leave to dry completely.

Selective cleaning

> Stubborn dirt, specific stains...

Product: Spitfire

Spray the product on to a cloth/sponge and apply to the surface. Scrub if necessary, and wipe clean.

In case of tough stains:

- 1) Spray the product directly on the surface.
- 2) Allow to act for a few minutes.
- 3) Scrub and wipe clean. No rinsing needed.
